

Robotixkids as an extra-mural activity is introduced to all learners who want to have fun by building and coding robot models.

During these classes the child's planning- and teamwork skills, creativity, and knowledge are being developed and expanded.

Our tutors' aim is to do their part in shaping these young minds for the future.

➤ **Here to follow below, is important information for Term 4:**

Our 6 classes for this term will commence in **the second week of this Term:**

- **First classes: start on 11 October 2023**
- **Final classes: will be on 6 December 2023**
- **AS NORMAL: classes are presented weekly.**
- **NO Robotix: from 11 December- 15 December 2023**

Wednesday 11 October 2023	First lesson
18 October 2023	Second lesson
1 November 2023	Third lesson
8 November 2023	Fourth lesson
15 November 2023	Fifth lesson
6 December 2023	Sixth lesson
No Robotix	11 December-15 December 2023

➤ **Days and Timeslots**

- **Wednesday**

13:15 – 14:15 Gr R  
 14:15 – 15:15 Gr 1 - 3  
 15:30 – 16:30 Gr 4 - 7

Our main aim is to make the lessons enjoyable for children, by allowing them to play with, and freely explore their robot model, before leaving class.

It might happen that this enjoyment could take up an extra 10 minutes, after class.

We try our best to make sure that all learners complete a fulfilled lesson.

**No registration fees are applicable.**

**No extra cost for catch-up classes, in case of unexpectedly being absent.**

**PLEASE NOTE:**  
The term program consists of  
**6 lessons over a period of 6 weeks**  
**at R630.00 per term.**

**Payment for this term is due not later than 31 October 2023.**
